

## JOB DESCRIPTION

<b>JOB TITLE:</b>	<b>Front-End Developer</b>
<b>LOCATION:</b>	<b>Remote</b>
<b>WORK HOURS:</b>	<b>Nightshift</b>
<b>Summary</b>	<p>We are looking for a talented Front-End Developer to join our client. As a Front-End Developer, you will play a key role in designing and implementing user interfaces, ensuring a seamless and visually appealing user experience. You will collaborate closely with the back-end development team, designers, and stakeholders to deliver high-quality web applications.</p>
<b>Responsibilities</b>	<ul style="list-style-type: none"><li>• The ideal candidate should possess a strong command of JavaScript and its related frameworks. Your in-depth knowledge of JavaScript will be crucial in developing interactive and dynamic user interfaces.</li><li>• Proficiency in the React framework is highly desirable. You will leverage your experience with React to build responsive and scalable web applications, making use of its extensive library of reusable components.</li><li>• Solid understanding of HTML and CSS is essential for crafting visually appealing and accessible web pages.</li><li>• Our front-end team leans towards full stack development, so familiarity with back-end technologies and working in AWS is advantageous.</li><li>• Strong communication skills are vital in collaborating with cross-functional teams, understanding project requirements, and translating them into effective solutions.</li></ul>
<b>Qualifications</b>	<ul style="list-style-type: none"><li>• Proven experience in JavaScript development, with a strong understanding of its core principles and concepts.</li><li>• Proficiency in React framework and building web applications using React.</li><li>• Solid knowledge of HTML and CSS, including responsive design principles.</li><li>• Familiarity with AWS services and a willingness to learn and adapt to new technologies.</li><li>• Excellent communication skills and the ability to work collaboratively in a team environment.</li></ul>
